Urban China on screen: the postsocialist cinematic city
edited by Monique Abud

‘This article considers the relationship between the city and the cinema with regard to the films of China’s ‘Sixth Generation’, a group of filmmakers who proceeded to make films on the subject of their nation’s urban fabric.’

How rural financial reform gives impetus to Chinese urbanisation?

written by Chi-Han Ai

Chinese urbanisation basically means urbanize the rural regions with the help of institutions. Few months ago, China rural finance forum was held in Beijing. In this seminar, scholars with specific expertise and industry insiders on urbanization and rural financial reform are involved in in-depth discussions. 本篇为中文转载内容
