2013-48 (November)

Drivers of China's urbanisation and property development

edited by Monique Abud

A study of China's urban development through the lenses of urbanisation and property development

<http://urbachina.hypotheses.org/7710>

Socialist and post-socialist urbanizations: architecture, land and property rights

edited by Monique Abud

Second call for papers. The conference will take place in Tallinn, Estonia, on 8-11 May 2014.

<http://urbachina.hypotheses.org/7839>

A well deserved break

written by Miguel Elosua

A 104 year-old woman playing pai gow (paijiu - 牌九) with her friends in Kaiping, Guangdong, May 2013.

<http://urbachina.hypotheses.org/7846>

From "floating population" to "guest Beijinger"

edited by Léa Daures

This study analyzes how floating migrant workers settle in the suburban area of Beijing and pays special attention to factors affecting their identity formation as "guest Beijingers".
