## *The prospect for health care rights in China*

edited by Léa Daures

Ph.D. thesis by Cao, Lijing, University of Toronto, December 2012.

<http://urbachina.hypotheses.org/8049>

## *The effects of future climate change on energy consumption in residential buildings in China*

edited by Jacqueline Nivard

China is currently going through a phase of rapid mass urbanisation, and it is important to investigate how the growing built environment will cope with climate change, to see how the energy consumption of buildings in China will be affected.

<http://urbachina.hypotheses.org/8062>

## *Call for Applications*

edited by Aurélia Martin

Call for applications for a position as CEFC Researcher and director of the Sino-French Academic Center, based in Beijing.

<http://urbachina.hypotheses.org/8042>

## *Home prices in China still rising*

edited by Jacqueline Nivard

Out of 70 major cities tracked by the National Bureau of Statistics (NBS), Beijing, Shanghai, Guangzhou and Shenzhen saw the largest year-on-year rise in new home prices in November, according to figures published by the NBS Wednesday.
