2014-24 (June)

Governing China's food quality through transparency: A review
edited by Jacqueline Nivard

Article by Arthur PJ Mol, Professor Environmental Policy, Wageningen University.
<http://urbachina.hypotheses.org/10009>

Value and values in agro-food processes
edited by Jacqueline Nivard

A workshop to investigate connections and overlaps of different 'values' with exchange 'value' and to discuss both conflicts and positive synergies among them.
<http://urbachina.hypotheses.org/10007>

Media coverage of UrbaChina's 4th International Conference
edited by Miguel Elosua

CTV News reported on the development of the conference held in Chongqing, from May 28th to May 30th.
<http://urbachina.hypotheses.org/10034>

Making China's urban transportation boom sustainable
edited by Monique Abud

Article by Zhao Zhirong (Associate Professor of Public Administration at the University of Minnesota). It takes "a birds-eye look at the mechanisms China currently uses to fund transportation investments".

UrbaChina Newsletter

Urbanization, development, and China's "land-lost"

edited by Monique Abud

“A critical analysis of China's urbanization program and its implementation problems.”

<http://urbachina.hypotheses.org/10011>

UrbaChina promotional bookmarks

written by Chi-Han Ai

Five different styles of promotional bookmarks used to promote Four Cities in the Urbachina project

<http://urbachina.hypotheses.org/10021>

Beijing attracting less tourists?

written by Sebastien Goulard

Why more efforts should be done in regional integration to attract more tourism in Beijing.

<http://urbachina.hypotheses.org/9999>

UrbaChina Newsletter

*Funded under the European Commission's Seventh Framework Programme, **UrbaChina** is a collaborative project managed by a consortium of 11 leading Chinese and European research institutions. **UrbaChina** analyses China's urbanisation trends for the next 40 years and define possible future scenarios with reference to concepts of sustainability.*
